

Case study RAF Lakenheath

Job title	RAF Lakenheath Taxiway Whiskey repairs
Main client	MoD Defence Estates
Our client	VolkerFitzpatrick

Communication and collaboration between all parties surrounding planning and complex security measures ensured works were delivered efficiently.

Project brief

Resurface of the taxiway at RAF/USAF Lakenheath, the US Air Force's only F-15 fighter wing in Europe. The taxiway at the busy base is used frequently and was in need in general maintenance and repair.

Delivery

Working closely and collaboratively with VolkerFitzpatrick, the RAF and USAF, Toppesfield was able to resurface the runway at Lakenheath, using over 700 tonnes of AC 10 SMA Surface Course, with no disruption to day-to-day operations.

Achievements

- Zero accidents
- Defect free
- Completed to programme
- No disruption to operations
