

Case study RAF Mildenhall

Job title	RAF Mildenhall Taxiway Alpha repairs
Main client	MoD Defence Estates
Our client	VolkerFitzpatrick

Project brief

Resurface of the taxiway at RAF/USAF Mildenhall, one of the busiest airbases for personnel transport and military aviation training in the UK.

Delivery

Working closely and collaboratively with VolkerFitzpatrick, the RAF and USAF, Toppesfield was able to resurface the runway at Mildenhall, using over 5,000 tonnes of AC 14 Surface Course, with no disruption to operations at the busy base.

Achievements

- **Zero accidents**
- **Defect free**
- **Completed to programme**
- **No disruption to operations**

Communication and collaboration between all parties surrounding planning and complex security measures ensured works were delivered efficiently.
